THE INTERNATIONAL B-DAMAN ASSOCIATION™:

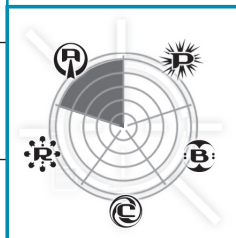

The INTERNATIONAL B-DAMAN ASSOCIATION is the official organization that oversees all Tournament-level activity. We set the standards by which you play, sponsor and officiate at Tournaments, develop Tournament Events, and maintain the integrity of the sport. The IBA believes that our B-DPLAYERS™* are the heart and soul of our sport, and we'll do our best to keep the game challenging and fun for everyone – pro and amateur alike.

THE B-DAMAN™ SKILL MATRIX:

The B-DAMAN Skill Matrix tells you how important each of the five different B-DAMAN skills are for a given event. Check out the B-DAMAN Skill Matrix before starting the event and customize your B-DAMAN to win!

Accuracy		- It's important to be able to hit a target dead-on in Accuracy events.
Power		- Sometimes it's not enough to hit the target; sometimes you've got to hit it hard.
Balance		- Balance prevents your B-DAMAN from tilting back or to the side at the wrong time while aiming at a target.
Control		- In Control Events, you've got to be able to maintain control of your B-DAMAN while moving it from side-to-side.
Rapid Fire		- In Rapid Fire events, the more B-DABALLS you can launch and the faster you can launch them, the better.

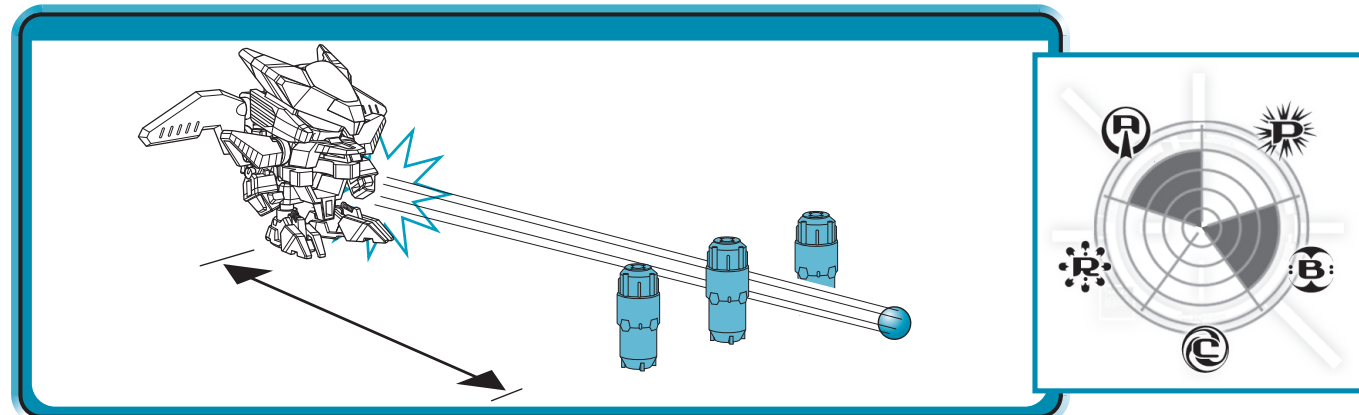

Example: You will need a lot of accuracy for this game.

TRY THIS GAME!

B-DABATTLE™*:

Set up a couple of targets (You can use suitable targets from home or Target Pins. Product includes one Target Pin) with a gap between them. See how far away you can get and still make the shot. To up the challenge, move the obstacles closer together and narrow the gap!

GAME HINT FROM THE INTERNATIONAL B-DAMAN ASSOCIATION:

It is vital that you be able to control your B-DAMAN in the thick of battle, and the Wing Grip is the perfect Armor Component to give you that control! Flipped up, the Wing Grip keeps your B-DABALL™* from falling out and gives you an edge in some angled shots, and flipped down it gives you great control over your two-handed shots and can act as a server to help speed up reloading!
